

# Review Bingo

Fill out this card (and the corresponding cards on the following page that you can cut out) with up to 6 review pieces. For each review piece pick a special way to play the piece (example: Twinkle Theme on the highway, Song of the Wind with a slow tempo on the metronome, Lightly Row with an upside-down bow, Twinkle Variation A in the bottom half of the bow, with your eyes closed, standing on one foot...) Your review pieces will be listed more than once but list them with a different way to play them or a different focal point each time.
